

Department of Pathology and Pathogen Biology

Senior Clinical Training Scholarships (Residencies)

- **Anatomic Pathology**
- **Clinical Pathology**

Applications are invited for Senior Clinical Training Scholarships (residencies) in Anatomic and Clinical Pathology. These are three-year postgraduate programmes involving supervised clinical work and applied clinical research. Scholars will receive specialised training in the relevant discipline while working within the College's hospitals (or farms/referral facilities where relevant) and will be expected to prepare to sit the examination for membership of the relevant European or American specialty boards. Scholars will also be enrolled onto a Masters of Veterinary Medicine (MVetMed) programme. Scholars will be involved in clinical research and will be expected to submit for publication manuscripts based on their research work during the three-year programme.

Scholarships are open to veterinary graduates holding a degree registrable with the Royal College of Veterinary Surgeons. The tax-free stipend for the Senior Scholarship will start at £16,902 per annum, increasing by annual increments to £18,222 and will be continued subject to satisfactory progress and assessment. Scholarships will commence on **Monday 4th July 2016**.

Further details about the Pathology Group at the RVC can be found at this link:
